Florence Mill is an independent family run Care Home Village for Older People. We have worked tirelessly to improve the home in every way imaginable. We provide Long term, Intermediate, Respite and Day Care services. We are a Nursing and residential care village. We also specialize in Dementia Care. Our Resident's needs range from simple housekeeping aid to intensive 24 hour specialist one on one care. We combine a style of good old fashioned common sense and the latest modern professional techniques. 90% of prospective residents who come to look around Florence Mill end up coming to stay with us on a permanent basis. Our goal is to be the best care home in Warrington.

Our philosophy of care is based on our wish to create an atmosphere of total comfort, safety, care and support which enables and encourages our residents to live as full, varied, interesting and independent a lifestyle as possible. We endeavor to promote choice and to respect each individual resident's values, privacy and dignity. We do not discriminate against residents on the grounds of race, religion, gender, sexual orientation, marital status, age or disability. Our care is second to none because we genuinely care about everyone within the Florence Mill family.

Our Dinning Experience

We have fantastic chef cooked meals for breakfast, lunch and Dinner.

You are welcome to come and enjoy a 3 course meal with your loved ones on a special occasion. Our staff team is the single most important element within our home. They set the standards of care and create the atmosphere that a home needs. It is they that make our residents feel safe, happy, engaged and most importantly loved
