Our philosophy of care is based on our wish to create an atmosphere of total comfort, safety, care and support which enables and encourages our residents to live as full, varied, interesting and independent a lifestyle as possible. We endeavor to promote choice and to respect each individual resident's values, privacy and dignity. We do not discriminate against residents on the grounds of race, religion, gender, sexual orientation, marital status, age or disability. Our care is second to none because we genuinely care about everyone within the Landona family!

Landona House, in Shrewsbury, supports a wide range of care requirements, for example long-term and intermediate residential care, as well as dementia care and respite. CQC rated Good in all Categories and Infection Control (March 2021).

A converted Grade II listed building, Landona House offers a charming and homely environment in which to spend a retirement, at the same time as offering a skilled team of carers and a home-cooked food menu. The home is also looking to add further refurbishments that will include a cinema room and retro lounge. There is also a sensory garden that is ideally suited to those with dementia
